From remarks made by him it is thought he is the man who killed Fred Meyers, a Marshallfield brewer, and stabbed Marshall Gerwig of the same place, two years ago. He was brought here from Plymouth to serve a sentence for being drunk and disorderly. Marshall Gerwig left Marshallfield for this city last Friday to identify him, but has not reached here.

Back From The Klondike.—Fond du Lac, Wis., March 21.—A year ago Jules Hass and William Graessle, employees of The Courier office, caught the Klondike fever. They purchased outfits at Cincinnati, and joined a party of five other men. Last September Graessle returned with two of his comrades. He had braved the terrors of Chilkoot pass, slid down icebergs, had a creek named after him, and made enough money to get back home. Hass still remained in pursuit of fortune, but it continued to elude him and at last he decided to return, also, reaching here last week. He is the possessor of a world of experience if not of wealth.

Mrs. Sharp at Fond du Lac.—Fond du Lac, Wis., March 21.—The trial of Mrs. Rose Sharp, charged with throwing acid in the face of City Attorney Lynch, of Oconto, will likely be called for trial on Wednesday afternoon of this week. Mr. Lynch and the attorneys for the state and a large number of witnesses arrived here today and her witnesses came this evening. “HELLO”—GIRLS ARE NUMEROUS

Rock County Telephone Company Receive Several Applications These Days.

Fully forty applications have been received by the managers of the Rock County Telephone Company from young ladies of Janesville, who are anxious to be an operator. The position is one that almost any girl can fill after a few instructions. “The work is not hard but it is very trying on ones nerves,” said a well informed man today. “We must have girls that can take things cool and not get excited. These girls must also be business-like when on duty, for the position filled by the ‘hello girl’ is one of considerable responsibility.”

TWO BODIES ARE FOUND

One Identified as That of Dora Hoff, man of Baltimore—Bodies Charred and Mutilated.

New York, March 21.—[Special]—Two more bodies were found in the Windsor hotel ruins this morning. This makes the number known to be dead fifteen. One body was that of a woman. Both were charred and mutilated beyond recognition.

The long list of missing remains practically the same. The police believe it will with the number of dead, reach fifty.

Later, the woman's body was identified as that of Cora Hoffman of Baltimore.

Another body was found in the ruins this afternoon. It was charred and disfigured to such an extent that the sex cannot be determined.

New York, March 21.—Two badly charred bodies, one of a woman and the other of a man, besides a few human bones that probably belonged to other victims of the Windsor hotel fire, were removed from the ruins Monday. These bodies, added to the eleven known and five unknown dead previously accounted for, make the number of those known to have perished eighteen. The missing now number fifty-three.

Search for the missing from the fire was continued in all directions by those who still cling to the hope that friends who were supposed to have been in the hotel at the time of the disaster had escaped and would be found elsewhere.

Capt. McCluskey of the detective bureau said: “I do not believe that thieves started the fire at the Windsor hotel. I have no theory as to how the fire originated, but I do not believe that it was of incendiary origin. The mere fact that thieves take advantage of every opportunity at a fire probably induced this idea, but I think that the theory that the fire was set by thieves for the purpose of plunder is absurd.” Several of the persons hitherto reported as missing were found to be safe. The present list of missing numbers forty-four. This, however, takes into account but few of the 200 servants of the house.

Those afflicted have been mostly children, who have in nearly every instance recovered.

Fixing Terms as to Alaska.

Washington, March 21.—The British ambassador, Sir Julian Pauncefote, conferred Monday with Secretary Hay in reference, it is understood, to a modus vivendi to be observed along the Alaska border in order to obviate the possibility of a clash pending the final delimitation of the border. The need of this has been emphasized within the last few days by reports of a battle between the Canadian and the American prospectors on the Porcupine river.

FROM THE SCENE OF HOSTILITIES

REPORT RECEIVED FROM GEN. OTIS TODAY.

Cannot commence shipment of volunteers at present, but hope to do so soon. Will ship additional battalion of California regiment to Negros this afternoon.”

Manila, March 21.—[Special]—Gen. Antonio Luna, commander of the Filipino army, is dismissed from service and General Garcia has been appointed in his place. A quarrel with the Filipino secretary of war over the issuance of the manifesto requiring foreigners to aid the natives in the uprising on pain of death, led to the deposition of Luna.

All is quiet along the American lines today.

A Colorado volunteer was wounded by a Filipino sharpshooter.

Hollo, March 17, Via Manila March 21.—The insurgents in considerable force attacked the American outposts Thursday about Jaro, an outlying village. The troops first engaged were detachments of the Sixth artillery and Eighteenth infantry, with a machinegun battery. After fighting had continued for some time reinforcements came up, consisting of two more companies of the Eighteenth infantry and four companies of Tennessee volunteers. Gen. Miller in person hastened up to the firing line. The enemy was forced steadily back until darkness put an end to the fighting, and our troops returned to Jaro. Gen. Miller estimates the number of Filipinos killed and wounded at 200. The casualties on the American side were one killed and eleven wounded.

AGUINALDO IS DESPERATE.

Orders the Execution of All Who Advise Surrender.

Manila, March 21.—It is reported on hitherto reliable authority that Aguinaldo is taking extreme measures to suppress signs calculated to cause a cessation of hostilities. Twelve adherents of the plan of independence, residents of Manila, have been condemned to death because they wrote advising surrender, and all loyal Filipinos have been called upon to perform the national service of dispatching them.

On Friday last Gen. Lagarda visited Malolos for the purpose of advising Aguinaldo to cease hostilities. He argued with the insurgent leader and attempted to convince him of the folly of his persistence in the face of overwhelming odds. Aguinaldo was furious at the advice and ordered Gen. Lagarda to be executed immediately. The unfortunate general was promptly decapitated.

Fighting May End Soon.

Washington, March 21.—The Philippine commission met and organized in Manila Monday. This commission has full power to represent the president and negotiate with the natives and agree upon any kind of settlement of the existing trouble which will not interfere with the power of congress to determine “the civil rights and political status of the native inhabitants,” as provided by the treaty of peace.

The commissioners agree with Gen. Otis that they are on the eve of a settlement of the present troubles. Gen. Otis, in his communication with the secretary of war, has shown great confidence in his ability to end the fighting within the next three weeks. Aguinaldo has been holding his army together in the hope of looting Manila. The men had no pay, and have been encouraged to fight on with the promise of rich booty when they drive the Americans out of Manila.

Until Gen. Otis began his offensive movements to clear the country around Manila of the insurgents Aguinaldo was able to make his followers believe that they had the American army in a state of siege, just as the Spaniards were before the surrender of the city to Gen. Merritt. The success of Gen. Otis' offensive campaign in the last ten days has demonstrated to the most ignorant Filipinos that their leader had misled them as to the situation. They now understand that the Americans are not besieged in Manila and are not afraid of Aguinaldo. They realize that the American soldiers are good fighters, and are not like the Spaniards. It is said at the war department that Gen. Otis began his offensive campaign for the purpose of teaching the Filipinos this important lesson, believing that it was necessary to show them that the American troops were masters of the situation, and could enforce American rule if necessary. It is regarded as very significant that Aguinaldo has begun to use extreme measures toward those of his leaders who counsel surrender and urge him to

make terms of peace. It shows that his following is not compact and hopeful, and that his own generals are discouraged and ready to surrender.

Officials at the state and war departments are confident that the work of the commissioners will now be effective and that after the demonstration Otis has given of his ability to command the island of Luzon by force the Filipinos will be the more ready to accept the olive branch extended by the commissioners authorized by the president to treat with them as to the terms of peace they may have under American government.

Miller Reports to Otis.—Manila, March 21.—Gen. Miller reports from Iloilo that the insurgents made an attack upon the outlying villages of Molo and Jaro, but were repulsed, with a loss of 200 men killed and wounded.

Gen. Wadenton's brigade, which defeated and drove the enemy fifteen miles to the southward Sunday, has returned to a position near Pasig. The lines are quiet.

Relief is at Port Said.—Port Said, March 21.—The United States supply ship Relief arrived here today on her way to Manila.

REORGANIZATION OF BOARD OF REGENTS

THE ASSEMBLY PASSES SENATOR ROEHER'S BILL.

Madison, March 21.—[Special]—The assembly has passed Senator Roehrer's bill for the re-organization of the board of normal school regents.

Judge Orton protested against the passage because it legislated the governor out of ex-officio position on the board, and made the state superintendent the head of the normal school regents. It also extends terms from three to five years.

Guth's bill requiring bicycles to yield the right of way to wagons on country roads, was passed by a vote of 45 to 38.

The anti-lobby bill was laid over until Friday in the senate.

Eight bills were passed. The bill taxing express, sleeping cars, freight lines and equipment was advanced to a third reading without debate.

There is a prospect that the bill for the immediate abolition of passes will go through both houses by the end of the week.

FORECAST OF WEATHER

Chicago, March 21.—[Special]—Forecast for Wisconsin:

Threatening; colder tonight and Wednesday.

The czar and his caricatures.

The czar of Russia is a man of moral as well as physical courage. Recently the imperial couple had one of the palace rooms done in black and white, which is the latest fad in decoration, and then the czar took a notion to have a room decorated with caricatures of himself. So he gave an order that a collection of all caricatures of his royal self that appeared in foreign journals should be procured, and it was done. It is doubtful whether another sovereign in Europe would have done the same. Some of the caricatures were exceedingly malicious, and none was complimentary, and that the czar could extract amusement from such a display is proof that he is not the tyrant and oppressor so many persons have been brought to believe.

Trees and Thunderstorms.

It is useful to know what kind of trees are most likely to be struck by lightning, because trees afford shelter in thunderstorms, though a dangerous refuge, and they often grow near buildings. According to Mr. Alexander McAdie, the eminent American meteorologist, the order of liability to be struck is represented by the following figures: Oak, 54; trees collectively, that is, in a clump, 40; tall pine tree, 15, and beech, 1. The oak is, therefore, the worst, and the beech the best shelter. After rain trees are not so apt to split with the stroke as before it.

Still in the Rough.

“Boerdyw is a perfect diamond in the rough.” “That's funny. Surely society has cut him enough.”—Philadelphia North American.

John Sherman. Flags on all government buildings were immediately ordered at half mast.

zenberg, will preside. In the evening at 7:30 the Knights of St. Andrew, or Patriarchs of the Crusades, will meet with Thomas E. Balding in charge.

Thursday morning at 9:30 the Grand Elect Knights of Kadosh will meet and confer the thirtieth degree, Robert Hill presiding. At the afternoon session there will be work in the thirty first degree, with Robert Hill in charge, and in the evening the Sublime Prince of the Royal Secret will meet, Thomas C. Balding, commander-in-chief, presiding. The consistor meetings close with a banquet Thursday night.

Clinton Man Points Out Where the Fault Is in the Village.

Clinton, Wis., March 16, 1899—Editor Gazette:—In the Clinton Herald of March 14 under the caption "Our Police Justice Is Easy," the insinuation is made that the police justice is blamed because he failed to remedy defects caused by the board. It is intimated that the board hope to vacate the office because its present incumbent was able and did correct faults caused by their neglect. If everybody received adequate punishment in this world it is doubtful to me if fault would be found about "easy justice." In my opinion if some of those who claim a large share of Christ's mercy would give as much and well directed attention to aid others to get good pay and high rate of interest, better results would follow. Good law administered so as to cause injustice, is not as good as bad law administered so as to cause good, and justice, to a greater number. THOS. A. AMES, JR.

J.M. BOSTWICK & SONS.
THE BIG STORE 20, 22, 24, 26, 28, S. MAIN ST., JANESVILLE, WIS.
WE KEEP THE QUALITY UP

Women's Stylish Suits and Skirts

"Readiness" is the key-note here. For weeks past you have been buying here the suits that are now advertised as "new" in other stores; and you will buy today the suits that will be new in other stores two weeks hence. We are getting ready; they are getting ready as fast as they can.

Our Suits.

are the kind that give satisfaction. An extraordinary showing—a sale of exclusive apparel, strictly man-tailored garments with the Bostwick mark of assured style correctness.

\$10.00 suits that cannot be matched.

\$14.00 suits equal to \$17.00 values elsewhere.

\$18.00 suits that have it all their own way.

Alterations Free.

We give steady employment to an expert tailor and dressmaker who knows the ins and outs of correct fitting; who can tell at a glance just what is needed to make a garment perfect. Buy your ready-to-wearables of us and you have the free services of a first-class tailor, not an ordinary seamstress.

Undermuslins.

Such a difference in them. Women like dainty garments—they also remember how they wear. We haven't talked as much about our undermuslins as some other things but perhaps it's because we sell so much anyway.

At 25c Drawers for women and children; Corset Covers, values that are readily understood.

At 50c—Gowns, Skirts, Drawers, the kind that make customers.

At \$1.00—Gowns that you'd pay \$1.25 for about as quick. We show dainty Skirts up to \$6.00.

Our Skirts.

Separate Skirts are thoroughly appreciated by women whose time is precious, and many others. You come to us for a skirt because you know that we show far and away more than any other three houses here. It's a good reason. Then our prices are right and values the best. \$1.75 for fancy black wool skirts.

\$2.00 for a better grade—easily worth \$2.75. So good that we had to buy other skirts from the maker to get it. It is his leader and ours also.

\$5.50 for skirts that will be higher a little later. Others less and more.

Petticoats.

Greatest sale we ever had on them. Largest stock we ever carried. \$1.00 for a black like-silk with ruffles, well made. \$2.00 for metallic stripe line black satin rare value. \$7.00 for beautiful fine all taffeta skirts, corded, velvet facing—all colors. McCall Bar'az Patterns—All 10c and 15c—None higher.

Boub's
ALE THAT IS HEALTHFUL
The main difference between good and bad Ale is in the after effects—not in the taste. You discover part of that difference. You notice for one thing that pure all Boub's ale — doesn't make you bilious. But the main difference goes unnoticed.
Pure Ale is Good
for you; bad ale is unhealthy. Either effect is so gradual you do not know what caused them. Two things are certain. First, pure ale is the right ale — purity is more important than you think. Second, Boub's Ale is pure Ale. People who drink it say it is far ahead of any and equal to famous Bass Ale. Case 2 dozen pints delivered, \$2.00.

NEW QUESTION IS OPENED.

Signing of Peace Treaty Furnishes Another Problem.

HOW TO KEEP OUT CHINESE.

Officials of the Treasury Decide That They Will Not Be Allowed to Enter the United States from Our Newly Acquired Territory.

Washington, March 21.—The signing of the peace treaty by the queen of Spain and the early date at which it will be exchanged between the two nations has awakened the treasury officials to a consideration of the problem that will confront them as soon as the Philippines become a part of the territory of the United States. In the resolutions of congress annexing Hawaii there was a clause that no Chinese laborers now in Hawaii should acquire the right by virtue of the treaty to come into the United States and no further immigration of the Chinese laborers into Hawaii would be permitted. Opinions differ as to the constitutionality of this inhibition, but thus far no test case has come up which would settle the matter. It has been pointed out to the treasury officials that, aside from the original question, the treaty made with China under the Cleveland administration gives the Chinese in Hawaii the right to come to the United States if Hawaii is to be considered as a part of the United States.

The treasury officials, however, will continue to act upon the theory that the Newlands annexation resolutions are the controlling law until the Supreme court decides otherwise, and will prevent any Chinese laborer in Hawaii from coming to the United States.

The chief source of danger as far as an attempted Chinese invasion is concerned is the Philippines. There are upward of 200,000 Chinese in those islands. As soon as the treaty ratifications are exchanged the Philippines will be United States territory. Unlike the case of Hawaii, congress has made no provision by which the Chinese in the archipelago could be excluded from the states under shadow, at least, if not the substance, of authority.

Fire in Cleveland Hotel.
Cleveland, O., March 21.—The Brooklawn hotel, corner of Fairmont street and Euclid avenue, was partially destroyed by fire shortly after 5 o'clock on Monday. Over fifty people were asleep in the building when the fire broke out. In many cases it was necessary to break in doors in order to arouse the sleepers. A panic ensued, but all the occupants finally escaped without injury. Several women were carried down the fire escapes by firemen. The origin of the fire is unknown. Loss about \$10,000.

MAPLE City Self-Washing soap is pure, and will do more and better work than any rosin filled soap. Try it.

Porto Rico Is Feasible.
Washington, March 21.—The following dispatch is made public by the war department:

"San Juan de Puerto Rico, March 20.—Adjutant-General, Washington: Newspaper reports of conditions here and reported interviews with me stating chances of uprising are absolutely false. There is a great deal of idle, childish talk on the part of the ignorant, but as to any resistance against law and order of any kind it is absurd. There has always been political agitation here, less now than ever before. Truth should be known and the island not be injured by false statements."

Date to Adjourn Rejected.
Lansing, Mich., March 21.—The house Monday night tabled the resolution providing for final adjournment on May 17. Complications between the governor and the senate make it impossible to figure on the end of the session with any degree of accuracy. A bill making it a state's prison offense for a person to teach the doctrines of polygamy in Michigan was passed, as was one making it a misdemeanor for a person not a member of the G. A. R. to wear a button of that order.

WHIPPING BILL INTRODUCED.

Newcomer's Measure Laid Before the Illinois Lower House.

Springfield, Ill., March 21.—Representative Newcomer Monday introduced a bill by unanimous consent providing for the punishment of wife beating and other offenses by whipping. The bill was prepared by the Illinois Humane society, through a committee of which John G. Shortall was chairman. The measure provides that the punishment shall be private and not public, and only officers of the trial court and one or more physicians shall be admitted to view the same.

A bill was introduced to add to the effectiveness of the inheritance tax law by providing that in Cook county an inheritance tax attorney may be appointed at a salary of not more than \$4,000 per annum, and regulating the filing fees in inheritance tax cases. The bill provides that all expenses incurred in the enforcement of the law, including the special attorney's salary, must be paid out of fees received under the law.

Trautmann's bill requiring insurance companies to deposit a portion of their reserve fund with the insurance superintendent was made a special order on third reading for Wednesday morning.

The house adjourned to 10 o'clock this morning.

No business was attempted in the senate, only about half a dozen senators being present.

MORE DISORDER IN HAVANA.

Police Attacked—Bomb Exploded in Front of the Cathedral.

Havana, March 21.—There was a small fight against the police in Picota street Monday. One of the rioters was wounded. At Canteras Medina, near El Vedado, a grocer was killed by a gang of negroes.

The city is now comparatively quiet, but further trouble is feared. The funeral of the three negroes who were killed in Sunday's fighting will take place to-day. Their bodies are lying in state in a house on Cienfuegos street, and are guarded by forty-two nalgos, the association of criminals to which the dead men belonged. The nalgos have threatened to revenge themselves on the police for killing their fellow-member. Chief of Police Menocal has placed fifty armed men around the house and given them strict orders to prevent any disturbance. Civil Governor Mora will issue a proclamation advising the people to keep order.

A bomb was exploded in front of the cathedral, damaging the door of the edifice. Nobody was hurt.

"Dad says to tell you that it helped him in five minutes. The people here are all nearly wild for it, because 'Orangeine' cured 'Dad' so well." ("Dad" is Mr. David Womer, Jamestown, Pa., a sufferer from rheumatism ten years.)

Troops Ordered from Panama.

Springfield, Ill., March 21.—Sheriff Downey of Christian county was here Monday and presented to Gov. Tanner resolutions adopted by a mass meeting of Pana citizens. He assured the governor that he and his deputies were able to cope with the situation and that the troops might safely be withdrawn. Gov. Tanner directed the adjutant general to withdraw the troops Thursday. On the sheriff's requisition 200 stands of arms were shipped to Pana for the use of the sheriff's deputies.

If you want your clothes clean and bleached white, use Maple City Self-Washing Soap.

Moore's Five Children Slain.
Hutchinson, Kan., March 21.—John A. Moore's five children were murdered early Monday morning and the house burned. The eldest child was 12 years old and the youngest 3 years. Their skulls were crushed with a hatchet and their throats cut. The coroner's jury returned a verdict holding Moore to the District court on a charge of murdering the children.

Give me a liver regulator and I can regulate the word, said a genius. The druggist handed him a bottle of DeWitt's Little Earle Biscuits, the famous little pills. People's Drug Co.

Before the discovery of One Minute Cough Cure, ministers were greatly disturbed by coughing congregations. No excuse for it now. People's Drug Co.

Revolt in Spain Is Certain.

Rome, March 21.—The opinion receives the story that Don Carlos, the Spanish pretender, has secured advances of several millions from English and French bankers, and will soon enter Spain. The precise date is deferred until the ratifications of the treaty of peace between Spain and the United States have been exchanged, but, according to the opinion, the Carlists and Spanish republicans will start a revolution immediately after the exchange is made.

New Regulations As to Home Seekers' Excursions.

Home seekers' excursionists may now return any day within the twenty-one days limit. Round trip excursion tickets to Iowa, Minnesota and Dakota points, and to points in southern, south-western, western and northern states, with a twenty-one day limit at half fare plus \$2, will be for sale by the Chicago, Milwaukee & St. Paul Ry on February 7, 21, March 7, 21 and April 4th and 18th.

Phases the Physical Test.

Washington, March 21.—Washfield S. Schley has successfully passed the physical examination for promotion to the rank of rear admiral in the navy. To complete the legal test he must also pass a moral, mental and professional examination, and his papers are now before a board of rear admirals.

Impossible To Produce Stronger Proof

Proof is evidence. Evidence is testimony, but testimony is not always proof, for testimony differs. A stranger from a far away place—a man in Maine—a woman in Ohio—may testify in

most emphatic language, but is it proof? We think not! Positive proof to a Janesville Citizen is the experience and public expression of Janesville people, the statement of friends and neighbors, easily investigated, easily endorsed. Many readers of this are troubled with backache, with rheumatic pains, with urinary disorders, with sick kidneys; have tried many recommended remedies and failed to get permanent relief. No wonder they ask for better proof. We say to every kidney sufferer, **DOAN'S KIDNEY PILLS** cure all forms of Kidney ills, from Backache to Diabetes. Our evidence of it? The best that can be had. Impossible to produce stronger proof than the indorsement that guarantees full value for every box of **DOAN'S KIDNEY PILLS**. Here is a case of it. An emphatic statement of a Janesville citizen. We have many more like it:

Mr. John Stetson, of Hotel Myers, day clerk, says: "I was thoroughly examined by a physician some time ago who pronounced my trouble kidney complaint. If the severe pain across the small of the back is any indication of the said complaint, I guess I had it. For two years I suffered with attacks which when not violent there existed a dull, grinding ache, which robbed me of considerable energy. I used in

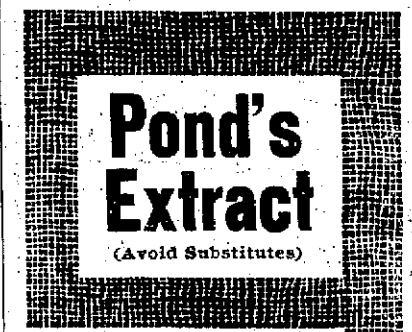

addition to doctor's prescriptions, several preparations said to be sure cures for kidney complaint, but up until I procured Doan's Kidney Pills at the People's Drug Co.'s drug store, I received little if any permanent relief. I took a thorough course of treatment prescribed by Doan's Kidney Pills and it cured me. Up to date, and it is some months since, I have not noticed any recurrence of my old trouble."

Doan's Kidney Pills for sale by all druggists, 50 cents per box. Foster-Milburn Co., Buffalo, N.Y.

OATHS AND PERJURERS.

Do oaths make perjurers? Is the question raised before the State Bar association of New York by Judge Robert Earle of the Court of Appeals, in an address recently delivered before that body on "Too Many Oaths and Their Consequences." Judge Earle has observed that perjury is rapidly increasing, and that the crime is committed in at least half of all litigated cases, by reason of the weakening in the belief in future punishment and the apparent certainty of freedom from present punishment. The learned judge fears that, unless perjury is checked, the administration of justice may be seriously imperiled. To this end, Leslie's Weekly says, he would have fewer oaths, so as to make them more impressive. He would do away with all promissory oaths for the violation of which no punishment is provided, and retain the oath in only two cases—namely, for witnesses at a trial and for persons whose right to vote is challenged.

DAMAGE SUIT BENEFITS

In argument against the enactment of a law to regulate damage suits against cities, M. G. Jeffris is quoted by the press as saying in substance, that the suits have been a benefit to Janesville in that they caused more attention to be paid to the sidewalks. It is doubtful, however, if the tax payers will consider the "benefit" worth the price. Following the same argument, a fire that destroyed the business portion of the city would be of benefit in that it would result in the erection of finer buildings, while an earthquake would be a blessing in disguise as it would leave us free to move to a better location, and build up a better town. Of course the cost need not be taken into account—just figure on the great benefits we would receive!

The Rev. Dr. W. S. Rainsford, in the course of his sermon to the congregation of St. George's church at New York on Sunday advocated the introduction of religious instruction into the public schools, and the founding and supporting of good liquor, saloons and clean dance halls and theaters as religious investments that would not only increase the sum of human righteousness.

ness, but yield a worldly profit. He also said that a newspaper that "would tell the truth about people in this town" in good literary form, and that had capital enough behind it to pay the ensuing libel suits, would do a magnificent work for the Lord.

The Havana Advertiser gives this sensible advice to a certain class of residents of the Cuban capital: "Naturalized Americans like the Sanguilly brothers, who are endeavoring to foment trouble between Cubans and the United States provisional government of occupation here, should not forget the fact that the island is under martial law, and that they, as American citizens, can be punished for treason—if they go too far."

The reason that the Havana police cannot preserve order is made plain by reading the names of the officers. One "Smith," "Murphy," or "Schunagel" would be able to do more work, probably, than all the Cubans on the force.

The legislature should pay attention to the recommendations made by Governor Scofield. The republican party has promised; Gov. Scofield has promised; and the legislature must enact. It is not a question of personal preference, but of party duty.

The modest pudamuk must look to its laurels. The nest of the boya bird of India is ingeniously illuminated. This little bird fastens fireflies to it with moist clay, and in the night it glows with changeful sparks.

CLOSE SUCCESSFUL TERM AT PORTER

B. Townes and Sara Peach Happily United in Marriage.

Porter, March 21—Mrs. Maggie Mooney closed a very successful term of school in the Eagle district with an exhibition on Friday evening. Although a stormy night, the house was thronged with an appreciative audience. The program was well rendered and showed untiring labor by both teacher and pupils. The following four students had the honor of receiving diplomas: John Hendricks, Robert Ford, Ernest Peach and Alice Tiernan, whose essays on "Patriotism," "Expansion," "Anti-Expansion" and "Beyond the Alps lies Rome," respectively, were well delivered. The four graduates presented their teacher with an elegant gold watch chain as slight token of esteem. After a two weeks' vacation, school work will be resumed again. Thursday evening, March 16, B. Townes and Miss Sarah Peach, both of this town, were happily united in marriage at the home of the bride's parents, Mr. and Mrs. Ben. Peach. Both Mr. and Mrs. Townes are so well known and respected here they need no special mention, and all friends extend congratulations. James Lay, who has been dangerously ill, is reported better. Miss Mamie Whaley closed her winter term of school in the Llanan district last Friday, with appropriate exercises. Ole Brunzell is moving from Will Nichols' farm to near Cooksville. Ole Severson is to fill the vacancy. Mrs. S. Watson and daughter Katie, of Janesville, spent a couple of days here last week. Mr. and Mrs. Will Henderson of Edgerton, were the guests of relatives here last Sunday. D. F. McCarthy has leased a farm one mile south of Janesville. The sleighing the first of the week was greatly enjoyed by both old and young. Miss Katie Ford is spending a few weeks in Edgerton. Frank Caughey, of Edgerton, spent Friday here. About a dozen teams from this neighborhood moved the personal property of Mr. and Mrs. D. Casey to Janesville on Monday. They will be greatly missed by their many friends here. Mr. Roehl and family have vacated the Wisom farm and gone to Beloit. M. Ford has taken possession of the farm. Thomas Cassidy moved on Monday to the Gilbertson farm. Mrs. D. Casey, Jr., spent two weeks at her parental home in Rubicon yesterday. On account of the storm Friday night the dance in Porter Band hall, was not as largely attended as it otherwise would have been, but all present had a fine time. Mrs. Gilbertson, formerly of here, is very low at her home in Janesville, with but slight chance of recovery. Eagle creamery paid for February milk 85 cents per cwt. for 4 per cent. oil test. Some of the patrons received as high as \$1.02. How do neighboring creameries compare with this?

Notice—Life insurance companies will reduce the rate 33 per cent to all who agree to take Rocky Mountain tea. A wise measure.

LAST ATTRACTION OF LECTURE COURSE

MALE QUARTETTE AT CON- GREGATIONAL CHURCH.

Rebekahs Celebrated Their First Anniversary Last Evening—Excellent Program Rendered at West Side Odd Fellows' Hall—Merry Dances Indulged In.

Last evening at the Congregational church, the last entertainment on the People's Lecture Course was given in the appearance of the Ottumwa Male Quartet, of Chicago, assisted by Miss Kleinman, a reciter, which proved to be one of the most pleasing attractions on the course.

The attendance was very large, in fact it was found necessary to provide extra seats to accommodate the late comers.

The quartet is one of the very best before the public and that the members pleased their audience last evening was evident, and every number on the program was thoroughly appreciated. The evening's program was, lengthened greatly by many hearty encores.

Three of the members of the quartet sang solos and each was forced to respond to an encore.

Miss Kleinman, the reciter, pleased the audience in reciting sketches and poems and in her pantomime of a young lady making her toilet, for one of her encores, made a great hit.

The Rebekahs Celebrate.

There was a large gathering of Odd Fellows, Rebekahs, and their families last evening at West Side Odd Fellows' hall, gathering there for the purpose of celebrating the first anniversary of Rebekah Lodge No. 171, Independent Order Odd Fellows.

J. W. Clark, a member of the committee on arrangements, announced the program, which consisted of recitations by Mrs. White, Laura Clark, Annie Smith, Nellie Decker, Robbie Davey, Roy Ercanbrack, Luella Conroy, Gladie Nicholson, vocal solos by Marjorie Merrill, Chester Morse and Carrie Reynolds, music by Tuckwood's orchestra, a trio by Grace Conroy, Emma Clark and Luella McDonald; a duet by May Davey and Grover Hayes; a tableau by eight children and a cake walk by Nina Acheson and Gail Nicholson.

The program was very pleasing and enjoyed immensely by a large audience. After the conclusion of the program the floor was cleared and until after midnight merry dances were in order. The music was furnished by Tuckwood's orchestra.

Vitascope Pictures at Armory

In the neighborhood of two hundred people witnessed the exhibition of pictures given by the Chicago Vitascope company at the Armory last night under the auspices of the Federated Trades council. Pictures of scenes from the late war and the Sharkey-McCoy fight were shown. The machine threw a picture twelve by fourteen feet. Some of the views were fairly good, but the views of the fight were nothing extra.

SHERMAN IS NEAR TO DEATH.

His Doctors Have Practically Abandoned All Hope.

MAY NOT SURVIVE THE DAY.

Hot Weather Has Had a Bad Effect on the Former Secretary of State—Mrs. Sherman Not Aware of Her Husband's Serious Illness.

Kingston, Jamaica, March 21.—The American Line steamer Paris, Capt. Frederick Watkins, with the party of American excursionists, who are tour-

JOHN SHERMAN.

ing in West Indian waters, sailed at 6 o'clock Monday evening.

John Sherman is worse and is not likely to survive the day.

The United States cruiser Chicago has not arrived, but it is supposed she will meet the Paris at Santiago de Cuba.

The Paris will probably touch first at Guantanamo. She left instructions for the Chicago to follow with all haste.

The hot weather has greatly weakened Mr. Sherman, and his doctors feel that unless a change for the better comes very quickly all hope must be abandoned.

Washington, March 21.—One of the saddest features of Secretary Sherman's illness is the fact that Mrs. Sherman, who recently suffered an attack of paralysis, is kept in ignorance of her husband's condition. She has only partially recovered from the attack and is still unable to speak, although conscious of what is going on around her. It is feared that if the news of Mr. Sherman's critical condition is given her she will not survive it, as she is still quite weak.

When Mr. Sherman announced his intention to visit the West Indies his friends and relatives tried to dissuade him, but he would not listen to such advice and pleadings. Mr. Sherman was opposed to the war, and announced that he would write a book telling of his retirement from the senate and the cabinet and his side of the Spanish war. He intended to visit Cuba later and while there collect some data for his new book.

Trusts Added to the List.

New York, March 21.—Several new combinations were heard of in Wall street Monday. The most important was the consolidation of patent medicine makers with a capital of \$25,000,000 under a New Jersey charter.

The chewing gum combine has been revived, and it is said that the six leading manufacturers have agreed to combine with a capital of \$6,000,000.

Articles of incorporation of the National Salt company, with a capital of \$12,000,000, were filed today with the secretary of state of New Jersey.

Articles were also filed of the Boston and Seven Devils Copper company capital \$5,000,000.

Anti-Pass Bill Goes Back.

Madison, Wis., March 21.—Both houses of the legislature held sessions Monday night and disposed of considerable routine business. In the assembly the bill for the immediate abolition of railroad passes, which had been reported for non-concurrence by the railroad committee, was sent back to that committee for further consideration.

Figuring Up Loss on Wheat.

Wichita, Kan., March 21.—The Commercial club has received a report on damage to wheat from eighteen counties in southern Kansas and the whole of Oklahoma. The average reported is 20 per cent to the wheat crop in southern Kansas and 15 per cent to the wheat crop in Oklahoma. This is not as large as expected.

To Form Window Glass Trust.

Pittsburg, Pa., March 21.—Another attempt will be made to put the window-glass trust on its feet in Chicago, to-day, when a meeting will be held in that city. It is understood that the window-glass industries of the country are to be formed into one gigantic combine, with a capital stock of \$25,000,000. It will be chartered in New Jersey.

May Parole the Youngers.

St. Paul, Minn., March 21.—After a long discussion Monday the senate, by a vote of 33 to 18, advanced the bill to parole the Younger brothers to the calendar, and recommended it for passage. The bill is expected to pass the senate, but its fate in the house is uncertain.

Ruhlin to Meet Maher.

New York, March 21.—Gus Ruhlin has signed articles of agreement to meet Peter Maher in a twenty-round bout before the Lenox Athletic club April 18.

Chicago Live Stock Markets.

Chicago, March 20.—Much heavier receipts than anticipated came for the opening trade this week and the tendency of values was toward a lower level. Some plain cattle had to sell 10c off, while many smooth beef steers sold about steady with late quotations. Hogs sold only weak to 5c lower and sheep only a shade lower in any case. Opening receipts this week are estimated at 18,500 cattle, 38,000 hogs and 22,000 sheep. Late trade in cattle was sluggish with bidding for the lower grades fully 10c lower, but the latter trade in hogs and sheep had firmer tone, actual receipts falling considerably below morning estimates.

May Explains Maine Disaster.

Cincinnati, O., March 21.—A local paper prints a story that the location of the keyboard by which the Maine was blown up in Havana harbor has been found by an American engineer officer. The story is that Capt. T. L. Huston, of the volunteer engineers, discovered in the gunroom of the Cuartel de Forster a wooden box or hut, in which he found a gutta percha tube containing one large copper wire and several smaller wires. He also found evidences of a keyboard having been torn away. Capt. Huston was about to trace the wires to prove his theory that the Maine was exploded from that point. The room was in a part of the prison to which access was only allowed to a few officers.

Mustering Out Volunteers.

Augusta, Ga., March 21.—The Tenth Ohio volunteers will be mustered out here next Thursday, the Fifteenth Minnesota leaves the service March 2 and the Thirty-fifth Michigan April 3. The departure of these regiments will virtually depopulate Camp McKenzie.

Three Transports for Manila.

San Francisco, Cal., March 21.—The transport Cleveland will sail tomorrow for Manila with 1,300 tons of supplies for the American troops. She will be followed in a few days by the Zealandia, the Charles Nelson and the City of Puebla.

Between Acts.

Little 5-year-old Willie had been to the theater and upon his return his mother asked him how he liked the play. "Oh," he replied, "the play was all right, but I didn't get to see near all of it." Why, how did that happen? asked his mother. "Because," answered Willie, "the roller must have been broke for the window blind fell down two or three times."

Notice—Life insurance companies will reduce the rate 33 per cent to all who agree to take Rocky Mountain tea. A wise measure.

Mob Routed by Soldiers.

Laredo, Texas, March 21.—In pitched battles Monday between the men superintending the removal of smallpox patients and a mob opposing them two men were killed, a woman and another of the rioters seriously wounded, many others badly injured and Capt. Rogers of the state rangers was shot through the shoulder. The city is under martial law, with both banks of the Rio Grande patrolled by soldiers. The Mexican military from Nueva Laredo are co-operating with the United States forces, and all have orders to shoot to kill if attacked.

John.—If you were a woman, you'd know as I know, and all other women know, that Rocky Mountain tea is the greatest blessing women ever had.

Attempt to Rescue Falls.

Leadville, Col., March 21.—The two men who have been imprisoned in the Bonair mine for the last ten days have been again disappointed. It was confidently expected that the rescuing party would reach them yesterday, but when the attempt was made to connect the rescue shaft with the level in which the men are it was found unsafe to do so. It will now be necessary to sink about forty feet further, which will take three or four days more. The men are well and in good spirits.

Do You Lack Strength?

If you are weak and exhausted after your encounter with the grip, if you are irritable and nervous and cannot concentrate your mind upon your work, if you have no appetite and what little you eat distresses you; if you are restless and uneasy and spend the greater part of the night in a vain attempt to sleep; you are on the threshold of nervous prostration.

Dr. Miles' Nerve is the best medicine you can get to brace you up. It will quiet the irritation, rest the tired nerves, and bring you sweet refreshment, restful sleep. Try it. It does not cost a tenth as much as doctors' fees and its benefits are certain.

"I was very nervous and irritable and sometimes would lose all control of my nerves and shake like a leaf in the wind. Could not bear any noise; could not read or study and the least exertion or excitement would cause a rush of blood to my head making me feel dizzy and faint. After doctoring for two years without getting any better, I commenced using Dr. Miles' Nerve and in a short time I was able to return to my work a healthy man.

"The Cold, Hard Metal"

WE ARE PUSHING GOOD FLOUR.

For some time past we have been selling the two best Flours millers could
produce at \$1.00 per sack; against an advancing market most of the time.

Still we have kept the price down to a bargain figure. We have sold and
are selling immense quantities of Flour, not only because the price is low, but also
because these two Flour brands are of such goodness.

GOLD MEDAL
AMERICA'S GREATEST FLOUR

We can not say how long we will continue present prices. We bought
several carloads at just the right time; and such a thing is possible that the market
may advance strongly. In that case our prices will advance. Keep your Flour
well cared for now while the price is in your favor.
